100 Easy Jigsaw Sudoku

>> Instructions

Jigsaw Sudoku puzzles use similar rules to a standard Sudoku puzzle. The twist, however, is that instead of having nine bold-lined 3x3 boxes to fill with 1 to 9, the bold-lined regions are now made up of all sorts of different shapes. The full rules are very simple:

> Place 1 to 9 into every row, column and bold-lined jigsaw shape.

A completed grid will look something like this:

8	5	2	7	6	9	3	1	4
1	9	4	8	2	3	5	6	7
6	4	3	1	7	2	8	5	9
3	6	7	4	8	5	1	9	2
9	7	5	3	1	6	2	4	8
2	8	1	5	4	7	9	3	6
5	2	8	6	9	1	4	7	3
4	1	6	9	3	8	7	2	5
7	3	9	2	5	4	6	8	1

There are 100 of these puzzles in this book, all rated as 'easy'. All of the puzzles are symmetrical in a range of different ways, and every one can be solved without requiring complex logic - so good luck!

For even more puzzles, check out **Sudoku Xtra** magazine each month - see www.SudokuXtra.com.
